

DESTROYIT® 2265

Convenient deskside shredder with cabinet and EASY-Touch for intuitive operation.

- A SOLID STEEL CUTTING SHAFTS**
High grade, hardened steel cutting shafts are milled in our Balingen factory and warranted for life.*
- B SAFETY FLAP**
Safety flap in the feed opening is an additional safety element to keep fingers, ties, or other objects away from the cutting shafts.
- C EASY-TOUCH MULTIFUNCTION SWITCH**
Easy operation is guaranteed with the EASY-Touch multifunction switch for stand-by/stop (off)/ reverse and optical signals for the operational status.
- D REMOVABLE SHRED BIN**
With large window showing fill level and magnetic switch for automatic stop if the full shred bin is removed.

*Super micro-cut shafts are covered by a 1 year warranty.

DESTROYIT® 2265

Easy-to use desktside shredder for environmentally friendly users. EASY-Touch multifunction switch element for stand-by / stop (off) / reverse with integrated optical signals for the operational status of the shredder. Photo cell controlled automatic start and stop. Automatic reverse and power cut-off. Zero energy standby mode: complete, automatic disconnection from power supply after 30 minutes. Transparent safety flap in the feed opening as additional safety element. Quiet, powerful and energy-efficient single phase motor. Double motor protection. High quality, paper clip and staple proof cutting shafts from special hardened steel with lifetime guarantee. High quality wooden cabinet. Removable shred bin from impact resistant plastic with large window showing fill level. Magnetic switch for automatic stop if the shred bin is removed from the cabinet.

Shredder models:

Security level P-4	.125" x 1" cross-cut (3 x 25 mm)
Sheet capacity	5-6*

* Sheet Capacity is based on 70 gsm paper, and are normally only achievable in ideal situations, so heavier duty paper will shred less sheets. In many cases the capacities quoted are theoretical as conditions vary and are dependent on operator usage, age and condition of machines, how regularly cutters are oiled, type and quality of paper etc. so realistic throughputs can be as low as half that of the theoretical capacities quoted.

Specifications:

Shred volume	5 gallons
Feed opening	8.75"
Electrical requirements	115 volts
Maximum horsepower	.25
Dimensions (D x W x H)	8.75" x 13.5" x 21"
Shipping weight	28 lbs.
